

**10  
MORE DAYS  
TO  
CHRISTMAS**

## Why Wait Until December 21 to Select?

It is the shortest day in the year, and that means hurry. The trouble about hurry is—it takes so much time—there is so much to undo afterwards. These are the most important days of the year to you and to us. There is nothing more essential than the choosing of Christmas gifts. They must be suitable, and even though not expensive, they must be of the best quality possible to secure at the price you pay. There isn't much time for buying left. It will go in a jiffy—so careful people shop where they know every item offered is dependable and where the Holiday stocks offer great variety at lowest prices.
